Seeking Board Directors

St'at'imc Eco-Resources (SER) is a for-profit community-owned corporation mandated to create wealth and nation-level benefits for its shareholders. Since 2012, SER has provided project management, safety planning, and field technician services to aquatic and terrestrial environmental projects in the general Lillooet and Bridge River Area(s).

SER intends to diversify its services and grow its target markets. Therefore, we are seeking energetic and creative directors with experience in business development and partnership development who have proven leadership and governance experience to join our team.

The Board provides policy-governance and oversees the General Manager. Directors foster medium and long-term growth by providing strategic advice; monitoring business performance and progress towards strategic goals; overseeing financial reporting and risk management; and steering shareholder relations.

The Corporation has a Board of 3-5 directors appointed by the shareholder-communities. The Board also has two non-voting youth representatives in an effort to build long-term capacity. Director's terms are two years, with the opportunity to serve multiple terms.

The Board meets at a minimum quarterly, but often monthly. Directors receive a modest meeting fee as well as reimbursement for travel expenses.

Qualifications

- Candidates should have demonstrable experience in a policy-governance model and in overseeing senior management via this model.
- Experience working with First Nations is an asset.
- Experience building a business in a geographically remote context is an asset.
- Candidates should have a genuine interest in working with the St'at'imc to advance our economic development goals.
- Experience in building strategic partnerships is an asset.
- Experience in leading organizational change is an asset.
- Candidates should have demonstrable experience in facilitating constructive debate and building consensus on complex issues.
- Skills in innovation and lateral-thinking is an asset.
- Candidates should have excellent communication skills, including the ability to build effective relationships with stakeholders, shareholders, government, and senior management.

- Candidates should have a working familiarity with the geographic region (Lillooet – Bridge River – Fraser Canyon - Duffey Lake corridor – Pemberton).
- Short-listed candidates will be asked to provide three professional references
- Appointees must uphold the highest standards of probity.
- Appointees must consent to a Police Information Check.

How To Apply

The St'at'imc value diversity and encourage all qualified candidates interested in this opportunity to apply. Please submit a resume and cover letter to: the SER Recruitment Committee c/o projects@statimceco.com

A review of applications will begin February 10, 2020. However, this posting will remain open until the Board has recruited an effective mix of skills and experience.
