

# Environmental Field Skills Certificate Program

**Course Location:** 472 Main Street Lillooet BC – Community Adult Learning Centre

**Course Dates:** April 12 – April 30, 2021 (Monday to Friday)

**Registration Deadline:** March 29, 2021

---

The Environmental Field Skills (EFS) is a leading edge field based Environmental Field Skills training certificate program. The 120-hour (three week) EFS provides course participants with high quality, in-demand field skills. EFS ‘graduates’ are qualified to conduct environmental monitoring and assessment of mining, hydro-electric, oil & gas, forestry, road construction, and other natural resource-related programs and projects. Participants in the Environmental Field Skills develop skills in six in-demand areas of employment: Essential Skills, Territorial and Land-Based Skills, Water Quality Monitoring, Fish & Fish Habitat Assessment, and Construction Monitoring.

To be eligible for the **FREE** training program, applicant must:

- Be an Indigenous person
- Unemployed, underemployed (part-time, seasonal, casual) and seeking training to obtain a full time employment.
